| Host                       | Mouse                                                                                                                                                                                                                                   |
| Category                   | Antikörper                                                                                                                                                                                                                              |
| Application                | ICC, IHC                                                                                                                                                                                                                                |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                                       |
| Immunogen                  | Fusion protein amino acids 1-708 (full-length) of rat MMP9 (accession number P50282) produced recombinantly in E. Coli                                                                                                                  |
| Conjugation                | FL550                                                                                                                                                                                                                                   |
| Product Description        | Our Anti-MMP9 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone L51/82. It detects human, mouse, and rat MMP9, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                              |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                               |
| Clone Designation          | [L51/82]                                                                                                                                                                                                                                |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 92 and 82 kDa (Pro and Active forms)         |
| Isotype           | IgG2a                                        |
| UniProt           | <a href="#">P50282</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | MMP9                                         |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
