| Application                | ICC, IHC                                                                                                                                                                                                                                          |
| Species Reactivity         | Mouse, Rat                                                                                                                                                                                                                                        |
| Immunogen                  | Fusion protein amino acids 660-779 (cytoplasmic C-terminus) of mouse HCN3 (accession number O88705) produced recombinantly in E. Coli                                                                                                             |
| Conjugation                | FL650                                                                                                                                                                                                                                             |
| Product Description        | Our Anti-HCN3 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N141/28. It is KO validated, detects mouse and rat HCN3, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                        |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                         |

|                   |                                              |
|-------------------|----------------------------------------------|
| Clone Designation | [N141/28]                                    |
| Molecular Weight  | 90 kDa                                       |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">O88705</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | HCN3                                         |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
