| Category                   | Biochemikalien                                                                                                                                                                                                                                                |
| Product Description        | Z3071585108 is a small molecule binder of the LAG-3 D1 domain with Kd values measured for the MST-TRIC channel and spectral shift detection of 59.2 and 56.1 µM respectively. Z3071585108 partially inhibits the binding of LAG-3 to MHCII, with an EC50 o... |
