| Alternative Catalog Number | BOT-P027-HRP-500UL-500UL                                                                                                                                                           |
| Manufacturer               | Biotium                                                                                                                                                                            |
| Host                       | Mouse                                                                                                                                                                              |
| Category                   | Antikörper                                                                                                                                                                         |
| Application                | IF                                                                                                                                                                                 |
| Conjugation                | HRP                                                                                                                                                                                |
| Product Description        | GFP (r9F9.F9) is a recombinant mouse monoclonal antibody that recognizes GFP (Green Fluorescent Protein). This HRP antibody conjugate has been validated in Immunofluorescence.... |
| Clonality                  | Recombinant                                                                                                                                                                        |
| Concentration              | 100 ug/mL                                                                                                                                                                          |
| Clone Designation          | [r9F9.F9]                                                                                                                                                                          |
| Molecular Weight           | 27 kDa                                                                                                                                                                             |
| Buffer                     | PBS, 50% glycerol, 2 mg/ml rBSA                                                                                                                                                    |
| Source                     | Animal                                                                                                                                                                             |

#### Application Notes

Immunofluorescence (HeLa): 1-5 ug/mL Optimal concentration to be determined by end-user.
