| Category                   | Proteine/Peptide                                                                                                                                                                                                                                 |
| Application                | WB                                                                                                                                                                                                                                               |
| Species Reactivity         | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat                                                                                                                                                                                    |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the N-terminal region of Human KDM3B                                                                                                                                                       |
| Product Description        | KDM3B is a histone demethylase that specifically demethylates Lys-9 of histone H3, thereby playing a central role in histone code. Demethylation of Lys residue generates formaldehyde and succinate. It may have tumor suppressor activity.A... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                       |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                                                                        |
| Molecular Weight           | 83kDa                                                                                                                                                                                                                                            |
