| Article Name               | ZNF675 Antibody - C-terminal region                                                                                                                   |
| Biozol Catalog Number      | ASB-ARP36131_T100                                                                                                                                     |
| Supplier Catalog Number    | ARP36131_T100                                                                                                                                         |
| Alternative Catalog Number | ASB-ARP36131_T100-25UL,ASB-ARP36131_T100-100UL                                                                                                        |
| Manufacturer               | Aviva                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                |
| Category                   | Proteine/Peptide                                                                                                                                      |
| Application                | WB                                                                                                                                                    |
| Species Reactivity         | Human                                                                                                                                                 |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the C terminal region of human ZNF675                                                           |
| Product Description        | ZNF675 may be involved in transcriptional regulation. It may play a role during osteoclast differentiation by modulating TRAF6 signaling activity.... |
| Clonality                  | Polyclonal                                                                                                                                            |
| Concentration              | 1.0 mg/ml                                                                                                                                             |
| Molecular Weight           | 66kDa                                                                                                                                                 |
| NCBI                       | <a href="#">171392</a>                                                                                                                                |
| UniProt                    | <a href="#">Q8TD23</a>                                                                                                                                |

|      |                                                                                                   |
|------|---------------------------------------------------------------------------------------------------|
| Form | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
