| Article Name               | PLEKHA4 Antibody - middle region                                                                                                           |
| Biozol Catalog Number      | ASB-ARP42573_P050                                                                                                                          |
| Supplier Catalog Number    | ARP42573_P050                                                                                                                              |
| Alternative Catalog Number | ASB-ARP42573_P050-25UL,ASB-ARP42573_P050-100UL                                                                                             |
| Manufacturer               | Aviva                                                                                                                                      |
| Host                       | Rabbit                                                                                                                                     |
| Category                   | Proteine/Peptide                                                                                                                           |
| Application                | WB                                                                                                                                         |
| Species Reactivity         | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Porcine, Rabbit, Rat                                                                     |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the middle region of human PLEKHA4                                                   |
| Product Description        | PLEKHA4 contains 1 PH domain. It binds specifically to phosphatidylinositol-3-phosphate (PtdIns3P), but not to other phosphoinositides.... |
| Clonality                  | Polyclonal                                                                                                                                 |
| Concentration              | 0.5 mg/ml                                                                                                                                  |
| Molecular Weight           | 85kDa                                                                                                                                      |
| NCBI                       | <a href="#">57664</a>                                                                                                                      |
| UniProt                    | <a href="#">Q9H4M7</a>                                                                                                                     |

|      |                                                                                                   |
|------|---------------------------------------------------------------------------------------------------|
| Form | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
