| Immunogen                  | Recombinant protein of human FBL                                                                                                                                                                                                                              |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | This gene product is a component of a nucleolar small nuclear ribonucleoprotein (snRNP) particle thought to participate in the first step in processing preribosomal RNA. It is associated with the U3, U8, and U13 small nuclear RNAs and is located in t... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Molecular Weight           | 34 kDa                                                                                                                                                                                                                                                        |
| NCBI                       | <a href="#">2091</a>                                                                                                                                                                                                                                          |
| UniProt                    | <a href="#">P22087</a>                                                                                                                                                                                                                                        |

|      |                                                                |
|------|----------------------------------------------------------------|
| Form | Liquid. PBS, pH 7.3, with 0.02% sodium azide and 50% glycerol. |
