| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | IF, IHC, WB                                                                                                                                                                                                                                                   |
| Species Reactivity         | Human, Monkey, Mouse, Rat                                                                                                                                                                                                                                     |
| Immunogen                  | Synthesized peptide derived from human PKC Zeta around the non-phosphorylation site of T560. Location: 500-580aa.                                                                                                                                             |
| Product Description        | Protein kinase C (PKC) zeta is a member of the PKC family of serine/threonine kinases which are involved in a variety of cellular processes such as proliferation, differentiation and secretion. Unlike the classical PKC isoenzymes which are calcium-de... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1 mg/ml                                                                                                                                                                                                                                                       |
| Molecular Weight           | 80 kDa                                                                                                                                                                                                                                                        |
| NCBI                       | <a href="#">5590</a>                                                                                                                                                                                                                                          |

|      |                                                                                  |
|------|----------------------------------------------------------------------------------|
| Form | Liquid. 1 mg/mL in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. |
