| Manufacturer               | Aviva                                                                                                                                                                   |
| Host                       | Human                                                                                                                                                                   |
| Category                   | Proteine/Peptide                                                                                                                                                        |
| Species Reactivity         | Human                                                                                                                                                                   |
| Product Description        | Homo sapiens muscle RAS oncogene homolog (MRAS), transcript variant 2, mRNA, Ras-related protein M-Ras, ras-related protein M-Ras isoform 1 precursor [Homo sapiens]... |
| Molecular Weight           | 23.7 kDa                                                                                                                                                                |
| Tag                        | C-MYC/DDK                                                                                                                                                               |
| NCBI                       | <a href="#">22808</a>                                                                                                                                                   |
| Form                       | Lyophilized                                                                                                                                                             |
