Product Datasheet

Rat TFAM(Transcription Factor A, Mitochondrial) ELISA Kit EBT-ELK0217

Article Name	Rat TFAM(Transcription Factor A, Mitochondrial) ELISA Kit
Biozol Catalog Number	EBT-ELK0217
Supplier Catalog Number	ELK0217
Alternative Catalog Number	EBT-ELK0217-96, EBT-ELK0217-48, EBT-ELK0217-96X5
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Rat
Concentration	20 ng/mL
Range	0.32-20 ng/mL
Sensitivity	0.11 ng/mL
UniProt	Q91ZW1
Samples	serum, plasma and other biological fluids

Application Notes

Assay Type: Sandwich. Assay length: 3.5h. Research Area: Signal transduction,. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Rat TFAM. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Rat TFAM. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Rat TFAM, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Rat TFAM in the samples is then determined by comparing the OD of the samples to the standard curve
