### Mouse BTLA(B- and T-lymphocyte attenuator) ELISA Kit EBT-ELK0419

Article Name	Mouse BTLA(B- and T-lymphocyte attenuator) ELISA Kit
Biozol Catalog Number	EBT-ELK0419
Supplier Catalog Number	ELK0419
Alternative Catalog Number	EBT-ELK0419-96, EBT-ELK0419-48, EBT-ELK0419-96X5
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Mouse
Concentration	40 ng/mL
Range	0.63-40 ng/mL
Sensitivity	0.21 ng/mL
Samples	Serum, plasma, urine, tissue homogenates, cell culture supernates and other biological fluids

Application Notes	<p>Assay Type: Sandwich. Assay length: 3.5h. Research Area: Cardiac function, Cancer. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Mouse BTLA. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Mouse BTLA. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Mouse BTLA, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Mouse BTLA in the samples is then determined by comparing the OD of the samples to the standard curve</p>
