Product Datasheet

EasyStep Human GDF15(Growth Differentiation Factor 15) ELISA Kit EBT-ELK044ES

Article Name	EasyStep Human GDF15(Growth Differentiation Factor 15) ELISA Kit
Biozol Catalog Number	EBT-ELK044ES
Supplier Catalog Number	ELK044ES
Alternative Catalog Number	EBT-ELK044ES-96, EBT-ELK044ES-48, EBT-ELK044ES-96X5
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Human
Concentration	3000 pg/mL
Range	46.88-3000 pg/mL
Sensitivity	5.22 pg/mL
UniProt	Q99988
Samples	Serum, plasma

Application Notes

Assay Type: Sandwich. Assay length: 1.5h. Research Area: Cytokine, Apoptosis, Tumor immunity, Infection immunity,. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Human GDF15, and the Human GDF15 standard plate wells that pre-coated using protein-related techniques are provided separately. Standard/Sample Diluent Buffer or samples are added to the appropriate microtiter plate wells, then added a HRP-conjugated antibody specific to Human GDF15. After TMB substrate solution is added, only those wells that contain Human GDF15 and HRP-conjugated antibody will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Human GDF15 in the samples is then determined by comparing the OD of the samples to the standard curve
