Product Datasheet

Rat SGPVI(Soluble Glycoprotein VI) ELISA Kit EBT-ELK0658

Article Name	Rat SGPVI(Soluble Glycoprotein VI) ELISA Kit
Biozol Catalog Number	EBT-ELK0658
Supplier Catalog Number	ELK0658
Alternative Catalog Number	EBT-ELK0658-96, EBT-ELK0658-48, EBT-ELK0658-96X5
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Rat
Concentration	100 pg/mL
Range	1.57-100 pg/mL
Sensitivity	0.73 pg/mL
Samples	plasma

Application Notes

Assay Type: Sandwich. Assay length: 3.5h. Research Area: Metabolic pathway, Hematology, Cardiovascular biology,. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Rat SGPVI. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Rat SGPVI. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Rat SGPVI, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Rat SGPVI in the samples is then determined by comparing the OD of the samples to the standard curve
