### Simian Cor(Cortisol) ELISA Kit EBT-ELK0920

Article Name	Simian Cor(Cortisol) ELISA Kit
Biozol Catalog Number	EBT-ELK0920
Supplier Catalog Number	ELK0920
Alternative Catalog Number	EBT-ELK0920-96, EBT-ELK0920-48, EBT-ELK0920-96X5
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Primate
Concentration	200 ng/mL
Range	3.13-200 ng/mL
Sensitivity	1.31 ng/mL
Samples	serum, plasma, urine and other biological fluids

Application Notes

Assay Type: Competitive Inhibition. Assay length: 2h. Research Area: Metabolic pathway, Endocrinology, Hormone metabolism,. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Simian Cor. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Simian Cor. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Simian Cor in the samples is then determined by comparing the OD of the samples to the standard curve
