Product Datasheet

Pig OPN(Osteopontin) ELISA Kit EBT-ELK10760

Article Name	Pig OPN(Osteopontin) ELISA Kit
Biozol Catalog Number	EBT-ELK10760
Supplier Catalog Number	ELK10760
Alternative Catalog Number	EBT-ELK10760-96, EBT-ELK10760-96X5, EBT-ELK10760-48
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Porcine
Concentration	200 ng/mL
Range	3.13-200 ng/mL
Sensitivity	1.13 ng/mL
UniProt	P14287
Samples	Serum, plasma, tissue homogenates, cell lysates and other biological fluids

Application Notes

Assay Type: Sandwich. Assay length: 3.5h. Research Area: Tumor immunity, Bone metabolism,. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Pig OPN. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Pig OPN. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Pig OPN, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Pig OPN in the samples is then determined by comparing the OD of the samples to the standard curve
