Product Datasheet

Dog AngII(Angiotensin II) ELISA Kit EBT-ELK10916

Article Name	Dog AngII(Angiotensin II) ELISA Kit
Biozol Catalog Number	EBT-ELK10916
Supplier Catalog Number	ELK10916
Alternative Catalog Number	EBT-ELK10916-96, EBT-ELK10916-96X5, EBT-ELK10916-48
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Canine
Concentration	2000 pg/mL
Range	31.25-2000 pg/mL
Sensitivity	8.65 pg/mL
Samples	Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids.

Application Notes

Assay Type: Sandwich. Assay length: 3.5h. Research Area: Endocrinology, Cardiovascular biology,. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Dog AngII. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Dog AngII. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Dog AngII, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Dog AngII in the samples is then determined by comparing the OD of the samples to the standard curve
