## Product Datasheet

### Chicken LTF(Lactoferrin) ELISA Kit EBT-ELK10955

Article Name	Chicken LTF(Lactoferrin) ELISA Kit
Biozol Catalog Number	EBT-ELK10955
Supplier Catalog Number	ELK10955
Alternative Catalog Number	EBT-ELK10955-96, EBT-ELK10955-96X5, EBT-ELK10955-48
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Gallus
Concentration	400 ng/mL
Range	6.25-400 ng/mL
Sensitivity	2.74 ng/mL
Samples	Serum, plasma and other biological fluids.

Application Notes

Assay Type: Sandwich. Assay length: 3.5h. Research Area: Tumor immunity, Infection immunity,. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Chicken LTF. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Chicken LTF. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Chicken LTF, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Chicken LTF in the samples is then determined by comparing the OD of the samples to the standard curve
