Product Datasheet

Rat FASL(Factor Related Apoptosis Ligand) ELISA Kit EBT-ELK5236

Article Name	Rat FASL(Factor Related Apoptosis Ligand) ELISA Kit
Biozol Catalog Number	EBT-ELK5236
Supplier Catalog Number	ELK5236
Alternative Catalog Number	EBT-ELK5236-96, EBT-ELK5236-48, EBT-ELK5236-96X5
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Rat
Concentration	500 pg/mL
Range	7.82-500 pg/mL
Sensitivity	3.4 pg/mL
Samples	Serum, plasma, tissue homogenates and other biological fluids.

Application Notes

Assay Type: Sandwich. Assay length: 3.5h. Research Area: Apoptosis, Tumor immunity, Infection immunity, . Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Rat FASL. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Rat FASL. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Rat FASL, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Rat FASL in the samples is then determined by comparing the OD of the samples to the standard curve
