Product Datasheet

Pig FETUA(Fetuin A) ELISA Kit EBT-ELK5746

Article Name	Pig FETUA(Fetuin A) ELISA Kit
Biozol Catalog Number	EBT-ELK5746
Supplier Catalog Number	ELK5746
Alternative Catalog Number	EBT-ELK5746-96, EBT-ELK5746-48, EBT-ELK5746-96X5
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Porcine
Concentration	1000 ng/mL
Range	15.63-1000 ng/mL
Sensitivity	6.7 ng/mL
UniProt	P29700
Samples	Serum, plasma and other biological fluids.

Application Notes

Assay Type: Sandwich. Assay length: 3.5h. Research Area: Infection immunity,. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Pig FETUA. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Pig FETUA. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Pig FETUA, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Pig FETUA in the samples is then determined by comparing the OD of the samples to the standard curve
