Product Datasheet

Dog GT(Gastrin) ELISA Kit EBT-ELK5979

Article Name	Dog GT(Gastrin) ELISA Kit
Biozol Catalog Number	EBT-ELK5979
Supplier Catalog Number	ELK5979
Alternative Catalog Number	EBT-ELK5979-96, EBT-ELK5979-48, EBT-ELK5979-96X5
Manufacturer	ELK Biotechnology
Category	Kits/Assays
Species Reactivity	Canine
Concentration	1000 pg/mL
Range	15.63-1000 pg/mL
Sensitivity	4.9 pg/mL
UniProt	P01353
Samples	Serum, plasma and other biological fluids

Application Notes

Assay Type: Competitive Inhibition. Assay length: 2h. Research Area: Metabolic pathway, Endocrinology, Gastroenterology, Hormone metabolism,. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Dog GT. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Dog GT. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Dog GT in the samples is then determined by comparing the OD of the samples to the standard curve
