| Article Name               | Multiplex Assay Kit for Interleukin 1 Family, Member 9 (IL1F9) ,etc. by FLIA (Flow Luminescence Immunoassay) |
| Biozol Catalog Number      | USC-LML621MU                                                                                                 |
| Supplier Catalog Number    | LML621Mu                                                                                                     |
| Alternative Catalog Number | USC-LML621MU-96                                                                                              |
| Manufacturer               | Cloud-Clone                                                                                                  |
| Category                   | Kits/Assays                                                                                                  |
| Species Reactivity         | Mouse                                                                                                        |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                          |
| Range                      | 0.49-500pg/mL                                                                                                |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.163 pg/mL                                   |
| UniProt                    | <a href="#">Q8R460</a>                                                                                       |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids         |
| Application Notes          | FLIA Kit for Antigen Detection.                                                                              |
