| Category                   | Biochemikalien                                                                                                                                                                                                                                                |
| Product Description        | Alternate Name: N(Val)-Carboxybenzyl Valacyclovir-d4, N-[(Phenylmethoxy)carbonyl]-D-valine 2-[(2-Amino-1,6-dihydro-6-oxo-9H-purin-9-yl)methoxy]Ethyl Ester-d4, , Valacyclovir Related Compound E-d4, Molecular Formula: C21H22D4N6O6 Molecular Weight: 462... |
| Molecular Weight           | 462.49                                                                                                                                                                                                                                                        |
