| Manufacturer               | US Biological                                                                                                                                                                                                                                                  |
| Category                   | Biochemikalien                                                                                                                                                                                                                                                 |
| Product Description        | Active isomer of (-)-trans-ACPD. Agonist at both group I and II mGlu receptors (EC50 values are 5, 15, 42 and 60 uM at mGluR2, mGluR5, mGluR1 and mGluR6 respectively). Synonyms: (1S,3R)-1-Aminocyclopentane-1,3-dicarboxylic acid CAS Number: 111900-32-4... |
| Molecular Weight           | 173.17                                                                                                                                                                                                                                                         |
| Purity                     | 98%                                                                                                                                                                                                                                                            |
| Form                       | Supplied as a white solid.                                                                                                                                                                                                                                     |
