| Product Description        | Flusulfamide is a fungicide used in pesticide formulations in the treatment of crops. Molecular Formula: C <sub>13</sub> H <sub>7</sub> Cl <sub>2</sub> F <sub>3</sub> N <sub>2</sub> O <sub>4</sub> S Molecular Weight: 415.17 Storage and Stability: Store at -20C. For maximum recovery of product, centrifuge the original vial prio... |
| Molecular Weight           | 415.17                                                                                                                                                                                                                                                                                                                                      |
