| Category                   | Biochemikalien                                                                                                                                                                                                                                                                                                                |
| Product Description        | MI-773 is an inhibitor of MDM2-p53 protein-protein interaction (MDM2 inhibitors), currently investigated in clinical trials for cancer treatment. Molecular Formula: C <sub>29</sub> H <sub>34</sub> Cl <sub>2</sub> FN <sub>3</sub> O <sub>3</sub> Molecular Weight: 562.5 Storage and Stability: Store at -20C. For maxi... |
