| Product Description        | N-[[1-(Cyclohexylmethyl)-1H-indazol-3-yl]carbonyl]-3-methyl-L-valine is a useful building block in the synthesis of various pharmaceuticals. Molecular Formula: C <sub>21</sub> H <sub>29</sub> N <sub>3</sub> O <sub>3</sub> Molecular Weight: 371.47 Storage and Stability: Store at -20C. For maximum reco... |
| Molecular Weight           | 371.47                                                                                                                                                                                                                                                                                                           |
