| Category                   | Molekularbiologie                                                                                                                                                                                                                                              |
| Product Description        | Recruits TFIIH to the initiation complex and stimulates the RNA polymerase II C-terminal domain kinase and DNA-dependent ATPase activities of TFIIH. Both TFIIH and TFIIIE are required for promoter clearance by RNA polymerase. Source: Recombinant prote... |
