| Product Description        | Tripetroselaidin-d5 is labelled Tripetroselaidin (T808530) which is used in the study of polymorphism of triglycerides. Molecular Formula: C <sub>57</sub> H <sub>99</sub> D <sub>5</sub> O <sub>6</sub> Molecular Weight: 890.46 Storage and Stability: Store at -20C. For maximum recovery of product, cen... |
| Molecular Weight           | 890.46                                                                                                                                                                                                                                                                                                          |
