| Alternative Catalog Number | USB-431564-250, USB-431564-2.5                                                                                                                                                                                                                                                                       |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                                                        |
| Category                   | Biochemikalien                                                                                                                                                                                                                                                                                       |
| Product Description        | 4-Chloro-2,3-difluorobenzaldehyde is a building block used in synthetic synthesis. Molecular Formula: C <sub>7</sub> H <sub>3</sub> ClF <sub>2</sub> O Molecular Weight: 176.55 Storage and Stability: Store at -20C. For maximum recovery of product, centrifuge the original vial prior to remo... |
| Molecular Weight           | 176.55                                                                                                                                                                                                                                                                                               |
