| Supplier Catalog Number    | C7506-50A                                                                                                                                                                                                                                                                     |
| Alternative Catalog Number | USB-C7506-50A-1                                                                                                                                                                                                                                                               |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                                 |
| Category                   | Molekularbiologie                                                                                                                                                                                                                                                             |
| Application                | WB                                                                                                                                                                                                                                                                            |
| Product Description        | Synthetic peptide (CQVNGGLDDIKDRSTLGEK) (linear) corresponding to aa136-152 of human Cofilin 2 with N-terminal cysteine for conjugation. Theoretical Molecular Weight (M+H <sup>+</sup> ): 1990.1 D<br>Applications: Suitable for use in Western Blot. Other applications ... |
| Purity                     | 95+% HPLC, Mass Spec                                                                                                                                                                                                                                                          |
| Form                       | Supplied as a white to off-white lyophilized powder.                                                                                                                                                                                                                          |
