TraKine(TM) F-actin Staining Kit (Green Fluorescence) ASC-KTC4008

Article Name	TraKine(TM) F-actin Staining Kit (Green Fluorescence)
Biozol Catalog Number	ASC-KTC4008
Supplier Catalog Number	KTC4008
Alternative Catalog Number	ASC-KTC4008-50, ASC-KTC4008-300, ASC-KTC4008-1000
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Product Description	Abbkine TraKine(TM) F-actin Staining Kit (Green Fluorescence) is designed to label F-actins in fixed cells with green fluorescence....
Tag	F-actin
Application Notes	Abbkine TraKine(TM) F-actin Staining Kit (Green Fluorescence) uses a green fluorescent (Ex/Em=490/515nm) phalloidin conjugate selectively bound to F-actins, it is much higher photostability than the other fluorescein-phalloidin conjugates. Phalloidin derivatives are convenient probes for labeling, identifying and quantitating F-actins in formaldehyde-fixed and permeabilized tissue sections, which can stain F-actins in cell cultures or cell-free experiments at nanomolar levels.
