Product Datasheet

Human Vasodilator-stimulated phosphoprotein (VASP) ELISA Kit ASC-KTE60071

Article Name	Human Vasodilator-stimulated phosphoprotein (VASP) ELISA Kit
Biozol Catalog Number	ASC-KTE60071
Supplier Catalog Number	KTE60071
Alternative Catalog Number	ASC-KTE60071-48, ASC-KTE60071-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Vasodilator-stimulated phosphoprotein (VASP) ELISA Kit employs a two-site sandwich ELISA to quantitate VASP....
Range	Please inquire
Sensitivity	Please inquire
Tag	VASP
NCBI	7408
UniProt	P50552
Samples	Cell culture supernatants Serum Plasma Other biological fluids

Application Notes

This Human Vasodilator-stimulated phosphoprotein (VASP) ELISA Kit employs a two-site sandwich ELISA to quantitate VASP in samples. An antibody specific for VASP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any VASP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for VASP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of VASP bound in the initial step. The color development is stopped and the intensity of the color is measured.
