Product Datasheet

Human B cell activation factor (BAFF) ELISA Kit ASC-KTE60205

Article Name	Human B cell activation factor (BAFF) ELISA Kit
Biozol Catalog Number	ASC-KTE60205
Supplier Catalog Number	KTE60205
Alternative Catalog Number	ASC-KTE60205-48, ASC-KTE60205-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human B cell activation factor (BAFF) ELISA Kit employs a two-site sandwich ELISA to quantitate TNFSF13B....
Range	Please inquire
Sensitivity	Please inquire
Tag	TNFSF13B
NCBI	10673
UniProt	Q9Y275
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human B cell activation factor (BAFF) ELISA Kit employs a two-site sandwich ELISA to quantitate TNFSF13B in samples. An antibody specific for TNFSF13B has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TNFSF13B present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TNFSF13B is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TNFSF13B bound in the initial step. The color development is stopped and the intensity of the color is measured.
