Product Datasheet

EliKine(TM) Human Leptin ELISA Kit ASC-KTE6026

Article Name	EliKine(TM) Human Leptin ELISA Kit
Biozol Catalog Number	ASC-KTE6026
Supplier Catalog Number	KTE6026
Alternative Catalog Number	ASC-KTE6026-48, ASC-KTE6026-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	EliKine(TM) Human Leptin ELISA Kit employs a two-site sandwich ELISA to quantitate Human Leptin
Range	31.25 pg/mL- 2000 pg/mL
Sensitivity	16 pg/mL
Tag	LEP
NCBI	3952
UniProt	P41159
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

EliKine(TM) Human Leptin ELISA Kit employs a two-site sandwich ELISA to quantitate Leptin in samples. An antibody specific for Leptin has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any Leptin present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for Leptin is added to the wells. After washing, proprietary EliKine(TM) Streptavidin-HRP conjugates is added to the wells. Following a wash to remove any unbound streptavidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of Leptin bound in the initial step. The color development is stopped and the intensity of the color is measured.
