## Product Datasheet

### Human TATA element modulatory factor (TMF1) ELISA Kit ASC-KTE60261

Article Name	Human TATA element modulatory factor (TMF1) ELISA Kit
Biozol Catalog Number	ASC-KTE60261
Supplier Catalog Number	KTE60261
Alternative Catalog Number	ASC-KTE60261-48, ASC-KTE60261-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human TATA element modulatory factor (TMF1) ELISA Kit employs a two-site sandwich ELISA to quantitate TMF1....
Range	Please inquire
Sensitivity	Please inquire
Tag	TMF1
NCBI	<a href="#">7110</a>
UniProt	<a href="#">P82094</a>
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human TATA element modulatory factor (TMF1) ELISA Kit employs a two-site sandwich ELISA to quantitate TMF1 in samples. An antibody specific for TMF1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TMF1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TMF1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TMF1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
