Product Datasheet

Human Statherin (STATH) ELISA Kit ASC-KTE60382

Article Name	Human Statherin (STATH) ELISA Kit
Biozol Catalog Number	ASC-KTE60382
Supplier Catalog Number	KTE60382
Alternative Catalog Number	ASC-KTE60382-48, ASC-KTE60382-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Statherin (STATH) ELISA Kit employs a two-site sandwich ELISA to quantitate STATH....
Range	Please inquire
Sensitivity	Please inquire
Tag	STATH
NCBI	6779
UniProt	P02808
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Statherin (STATH) ELISA Kit employs a two-site sandwich ELISA to quantitate STATH in samples. An antibody specific for STATH has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any STATH present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for STATH is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of STATH bound in the initial step. The color development is stopped and the intensity of the color is measured.
