Product Datasheet

Human Steryl-sulfatase (STS) ELISA Kit ASC-KTE60396

Article Name	Human Steryl-sulfatase (STS) ELISA Kit
Biozol Catalog Number	ASC-KTE60396
Supplier Catalog Number	KTE60396
Alternative Catalog Number	ASC-KTE60396-48, ASC-KTE60396-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Steryl-sulfatase (STS) ELISA Kit employs a two-site sandwich ELISA to quantitate STS....
Range	Please inquire
Sensitivity	Please inquire
Tag	STS
NCBI	412
UniProt	P08842
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Steryl-sulfatase (STS) ELISA Kit employs a two-site sandwich ELISA to quantitate STS in samples. An antibody specific for STS has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any STS present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for STS is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of STS bound in the initial step. The color development is stopped and the intensity of the color is measured.
