Product Datasheet

Human Transcription factor Spi-B (SPIB) ELISA Kit ASC-KTE60526

Article Name	Human Transcription factor Spi-B (SPIB) ELISA Kit
Biozol Catalog Number	ASC-KTE60526
Supplier Catalog Number	KTE60526
Alternative Catalog Number	ASC-KTE60526-48, ASC-KTE60526-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Transcription factor Spi-B (SPIB) ELISA Kit employs a two-site sandwich ELISA to quantitate SPIB....
Range	Please inquire
Sensitivity	Please inquire
Tag	SPIB
NCBI	6689
UniProt	Q01892
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Transcription factor Spi-B (SPIB) ELISA Kit employs a two-site sandwich ELISA to quantitate SPIB in samples. An antibody specific for SPIB has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SPIB present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SPIB is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SPIB bound in the initial step. The color development is stopped and the intensity of the color is measured.
