## Product Datasheet

### Human STE20-like serine/threonine-protein kinase (SLK) ELISA Kit ASC-KTE60579

Article Name	Human STE20-like serine/threonine-protein kinase (SLK) ELISA Kit
Biozol Catalog Number	ASC-KTE60579
Supplier Catalog Number	KTE60579
Alternative Catalog Number	ASC-KTE60579-48, ASC-KTE60579-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human STE20-like serine/threonine-protein kinase (SLK) ELISA Kit employs a two-site sandwich ELISA to quantitate SLK....
Range	Please inquire
Sensitivity	Please inquire
Tag	SLK
NCBI	<a href="#">9748</a>
UniProt	<a href="#">Q9H2G2</a>
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human STE20-like serine/threonine-protein kinase (SLK) ELISA Kit employs a two-site sandwich ELISA to quantitate SLK in samples. An antibody specific for SLK has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SLK present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SLK is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SLK bound in the initial step. The color development is stopped and the intensity of the color is measured.
