Human Salusin Beta (SALB) ELISA Kit ASC-KTE60751

| | |
|----------------------------|---|
| Article Name | Human Salusin Beta (SALB) ELISA Kit |
| Biozol Catalog Number | ASC-KTE60751 |
| Supplier Catalog Number | KTE60751 |
| Alternative Catalog Number | ASC-KTE60751-48, ASC-KTE60751-96 |
| Manufacturer | Abbkine Scientific |
| Category | Kits/Assays |
| Application | ELISA |
| Species Reactivity | Human |
| Product Description | Human Salusin Beta (SALB) ELISA Kit employs a two-site sandwich ELISA to quantitate SALB in samples.... |
| Range | 2.25 pg/mL-36 pg/mL |
| Sensitivity | 0.1 pg/mL |
| Tag | SALB |
| Samples | Cell culture supernatantsSerumPlasmaOther biological fluids |

Application Notes

Human Salusin Beta (SALB) ELISA Kit employs a two-site sandwich ELISA to quantitate SALB in samples. An antibody specific for SALB has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SALB present is bound by the immobilized antibody. After removing any unbound substances, HRP-Conjugate Human SALB detection antibody is added to the wells. Following a wash to remove any unbound HRP reagent, a Chromogen solution is added to the wells and color develops in proportion to the amount of SALB bound in the initial step. The color development is stopped and the intensity of the color is measured.
