Product Datasheet

Human Retinoic acid receptor RXR-alpha (RXRA) ELISA Kit ASC-KTE60774

Article Name	Human Retinoic acid receptor RXR-alpha (RXRA) ELISA Kit
Biozol Catalog Number	ASC-KTE60774
Supplier Catalog Number	KTE60774
Alternative Catalog Number	ASC-KTE60774-48, ASC-KTE60774-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Retinoic acid receptor RXR-alpha (RXRA) ELISA Kit employs a two-site sandwich ELISA to quantitate RXRA....
Range	Please inquire
Sensitivity	Please inquire
Tag	RXRA
NCBI	6256
UniProt	P19793
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Retinoic acid receptor RXR-alpha (RXRA) ELISA Kit employs a two-site sandwich ELISA to quantitate RXRA in samples. An antibody specific for RXRA has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any RXRA present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for RXRA is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of RXRA bound in the initial step. The color development is stopped and the intensity of the color is measured.
