Human V-rel avian reticuloendotheliosis viral oncogene related B (RELB) ELISA Kit ASC-KTE60810

Article Name	Human V-rel avian reticuloendotheliosis viral oncogene related B (RELB) ELISA Kit
Biozol Catalog Number	ASC-KTE60810
Supplier Catalog Number	KTE60810
Alternative Catalog Number	ASC-KTE60810-48, ASC-KTE60810-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human V-rel avian reticuloendotheliosis viral oncogene related B (RELB) ELISA Kit employs a two-site sandwich ELISA to quantitate RELB....
Range	Please inquire
Sensitivity	Please inquire
Tag	RELB
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human V-rel avian reticuloendotheliosis viral oncogene related B (RELB) ELISA Kit employs a two-site sandwich ELISA to quantitate RELB in samples. An antibody specific for RELB has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any RELB present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for RELB is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of RELB bound in the initial step. The color development is stopped and the intensity of the color is measured.
