Product Datasheet

Human Agrin (AGRN) ELISA Kit ASC-KTE60966

Article Name	Human Agrin (AGRN) ELISA Kit
Biozol Catalog Number	ASC-KTE60966
Supplier Catalog Number	KTE60966
Alternative Catalog Number	ASC-KTE60966-48, ASC-KTE60966-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Agrin (AGRN) ELISA Kit employs a two-site sandwich ELISA to quantitate AGRN....
Range	Please inquire
Sensitivity	Please inquire
Tag	AGRN
NCBI	375790
UniProt	O00468
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Agrin (AGRN) ELISA Kit employs a two-site sandwich ELISA to quantitate AGRN in samples. An antibody specific for AGRN has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any AGRN present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for AGRN is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of AGRN bound in the initial step. The color development is stopped and the intensity of the color is measured.
