## Product Datasheet

### Human Angiotensinogen (AGT) ELISA Kit ASC-KTE60968

Article Name	Human Angiotensinogen (AGT) ELISA Kit
Biozol Catalog Number	ASC-KTE60968
Supplier Catalog Number	KTE60968
Alternative Catalog Number	ASC-KTE60968-48, ASC-KTE60968-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Angiotensinogen (AGT) ELISA Kit employs a two-site sandwich ELISA to quantitate AGT....
Range	Please inquire
Sensitivity	Please inquire
Tag	AGT
NCBI	<a href="#">183</a>
UniProt	<a href="#">P01019</a>
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Angiotensinogen (AGT) ELISA Kit employs a two-site sandwich ELISA to quantitate AGT in samples. An antibody specific for AGT has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any AGT present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for AGT is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of AGT bound in the initial step. The color development is stopped and the intensity of the color is measured.
