## Product Datasheet

### Human Retinoic acid receptor alpha (RARA) ELISA Kit ASC-KTE60977

Article Name	Human Retinoic acid receptor alpha (RARA) ELISA Kit
Biozol Catalog Number	ASC-KTE60977
Supplier Catalog Number	KTE60977
Alternative Catalog Number	ASC-KTE60977-48, ASC-KTE60977-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Retinoic acid receptor alpha (RARA) ELISA Kit employs a two-site sandwich ELISA to quantitate RARA....
Range	Please inquire
Sensitivity	Please inquire
Tag	RARA
NCBI	<a href="#">5914</a>
UniProt	<a href="#">P10276</a>
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Retinoic acid receptor alpha (RARA) ELISA Kit employs a two-site sandwich ELISA to quantitate RARA in samples. An antibody specific for RARA has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any RARA present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for RARA is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of RARA bound in the initial step. The color development is stopped and the intensity of the color is measured.
