Product Datasheet

Human PX domain-containing protein kinase-like protein (P XK) ELISA Kit ASC-KTE61030

Article Name	Human PX domain-containing protein kinase-like protein (P XK) ELISA Kit
Biozol Catalog Number	ASC-KTE61030
Supplier Catalog Number	KTE61030
Alternative Catalog Number	ASC-KTE61030-48, ASC-KTE61030-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human PX domain-containing protein kinase-like protein (P XK) ELISA Kit employs a two-site sandwich ELISA to quantitate P XK....
Range	Please inquire
Sensitivity	Please inquire
Tag	P XK
NCBI	54899
UniProt	Q7Z7A4
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human PX domain-containing protein kinase-like protein (PXK) ELISA Kit employs a two-site sandwich ELISA to quantitate PXK in samples. An antibody specific for PXK has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PXK present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PXK is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PXK bound in the initial step. The color development is stopped and the intensity of the color is measured.
