Product Datasheet

Human Protein S (PROS) ELISA Kit ASC-KTE61121

Article Name	Human Protein S (PROS) ELISA Kit
Biozol Catalog Number	ASC-KTE61121
Supplier Catalog Number	KTE61121
Alternative Catalog Number	ASC-KTE61121-48, ASC-KTE61121-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Protein S (PROS) ELISA Kit employs a two-site sandwich ELISA to quantitate PROS....
Range	Please inquire
Sensitivity	Please inquire
Tag	PROS
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Protein S (PROS) ELISA Kit employs a two-site sandwich ELISA to quantitate PROS in samples. An antibody specific for PROS has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PROS present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PROS is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PROS bound in the initial step. The color development is stopped and the intensity of the color is measured.
