Product Datasheet

Human IL-1alpha Precursor (Pro-IL-1a) ELISA Kit ASC-KTE61130

Article Name	Human IL-1alpha Precursor (Pro-IL-1a) ELISA Kit
Biozol Catalog Number	ASC-KTE61130
Supplier Catalog Number	KTE61130
Alternative Catalog Number	ASC-KTE61130-48, ASC-KTE61130-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human IL-1alpha Precursor (Pro-IL-1a) ELISA Kit employs a two-site sandwich ELISA to quantitate Pro-IL-1a....
Range	Please inquire
Sensitivity	Please inquire
Tag	Pro-IL-1a
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human IL-1alpha Precursor (Pro-IL-1a) ELISA Kit employs a two-site sandwich ELISA to quantitate Pro-IL-1a in samples. An antibody specific for Pro-IL-1a has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any Pro-IL-1a present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for Pro-IL-1a is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of Pro-IL-1a bound in the initial step. The color development is stopped and the intensity of the color is measured.
