## Product Datasheet

### Human Protein kinase C delta type (PRKCD) ELISA Kit ASC-KTE61147

Article Name	Human Protein kinase C delta type (PRKCD) ELISA Kit
Biozol Catalog Number	ASC-KTE61147
Supplier Catalog Number	KTE61147
Alternative Catalog Number	ASC-KTE61147-48, ASC-KTE61147-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Protein kinase C delta type (PRKCD) ELISA Kit employs a two-site sandwich ELISA to quantitate PRKCD....
Range	Please inquire
Sensitivity	Please inquire
Tag	PRKCD
NCBI	<a href="#">5580</a>
UniProt	<a href="#">Q05655</a>
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Protein kinase C delta type (PRKCD) ELISA Kit employs a two-site sandwich ELISA to quantitate PRKCD in samples. An antibody specific for PRKCD has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PRKCD present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PRKCD is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PRKCD bound in the initial step. The color development is stopped and the intensity of the color is measured.
